Letter of Appreciation

Respected Mam,

Thank you very much for delivering an informative and thought provoking lecture as a Guest Speaker on "**Environment and Sustainable Development**" for the NSS and DLLE students of our college on **May 16, 2023**.

It was a really splendid session which exposed students to the various facades of the subject matter.

Looking forward for your co-operation in future.

Yours faithfully,

Dr. Kiran Save

ENVIRONMENT & SUSTAINABLE DEVELOPMENT

In this session of environment and sustainable development, the students of DLLE examined the crucial interplay between environmental conservation and sustainable development. Together, they explored innovative approaches and strategies to foster a more sustainable future for our planet."

❖ Objectives:

- The goal of the seminar is to raise participants' knowledge and comprehension of environmental issues.
- The idea of development that is sustainable. It aims to draw attention to the connections between the economy, society, and environment highlighting the necessity of sustainable practices. The seminar is to give attendees current knowledge and research on environmental issues like resource depletion, pollution, biodiversity loss, and climate change exhaustion.
- It seeks to promote knowledge of environmental issues, scientific, social, and economic facets. It provides the information and resources they need to make wise choices and implement sustainable habits.
- It also develops participants' critical thinking ability by pushing them to consider and analyze difficult environmental problems from a variety of angles. It aims to promote awareness of the innate trade-offs and

❖ Outcome:

- Participants will comprehend environmental issues, such as climate change, pollution, resource depletion, and deforestation on a deeper level. They will gain an understanding of the origins, effects, and possible remedies to deal with these issues.
